

CIRCLE OF CHAMPIONS

PARALYMPIC
FOUNDATION

The Paralympic Foundation of Canada was established to help ensure that the programs, equipment and people are in place to propel more Canadians with a disability all the way from the playground to the Paralympic podium.

Canadian Paralympic athletes are many things. Dedicated. Hard working. Inspiring. Committed. World class. But above all – they are **incredible athletes**.

Reaching the podium on the world stage is no small feat. It takes the best coaching, the best training environments, the best equipment and the best in sport science.

We believe Canadian Paralympic athletes deserve the best.

CIRCLE OF CHAMPIONS

The time is now to make an investment in future Canadian Paralympic champions!

With your support, our goal is to raise \$1 Million per year through the Circle of Champions by 2017. These funds will have a direct impact on the important elements that contribute to building Paralympic champions.

COACHING is at the heart of athletic performance and the development of athletes who will be future champions. Coaches' technical knowledge, passion and dedication make them an integral part of an athlete's development, in both sport and life. In partnership with National Sport Organization's, we will fund the creation of additional full-time coaching positions to strengthen our sports' ability and capacity to deliver quality development and high performance programs.

Increased support for sports to access daily **TRAINING** environments, where athletes can train together under the supervision of a world class coach, can play a significant role in athletes reaching the podium. In world-leading daily training environments, athletes have improved access to leading edge technical expertise, monitoring and support from sport science and sport medicine experts and can join together with other athletes to optimize their performances.

With funding for **INNOVATION AND EQUIPMENT** we can ensure collaboration with sport and performance partners to fund research for projects that will contribute to success in Paralympic sport and improve the performance of athletes on their path to podium successes.

Members of the **Circle of Champions** will be asked to make a **four-year commitment** at one of three levels of giving to ensure that together we can truly make a profound impact on the parasport system in Canada.

Bronze	Silver	Gold
\$1,000 / year	\$5,000 / year	\$25,000 / year

Based on the level of support there are exclusive benefits ranging from Team Canada gear to special event access and VIP experiences at the **Paralympic Games**.

Join the Circle of Champions and help develop future Canadian Paralympic champions.
